**U. S. SAVES ON SHOES.**  
Buys 4,000,000 Pairs at \$2,000,000 Below Market.

Contracts for 750,000 additional pairs of shoes for the new army have been awarded at an average price of \$4.75 a pair. With these contracts the government has ordered 3,800,000 pairs of shoes for the army and 800,000 pairs for the navy. Their total cost will be about \$20,000,000.

Julius Rosenwald, chairman of the committee on supplies of the council of national defense, has estimated that the government had saved \$2,000,000 on the transaction. The average price is much below the market.

"Long before we asked for bids on the shoes," said Mr. Rosenwald, "we arranged for the leather at a price less than the present price. Had the shoe bidders been compelled to attempt to obtain their raw material in an open market after getting their contracts, it would have caused a rise in price. This shows plainly the advantage alike to the market and to the government in doing away with the system of advertising where a large supply is needed."

**Belgians Spurn Partition.**  
LONDON, June 7.—A dispatch to the Exchange Telegraph from Amsterdam says:

"According to the Tageliche Rundschau, the recent visit to Brussels of Dr. von Bethmann-Hollweg, the German imperial chancellor, to discuss with the governor general of Belgium a plan for the partition of Belgium, revealed the absolute refusal of all the Belgian officials to have anything to do with it. The plan, therefore, will almost necessarily have to be postponed."

A dispatch to Reuters says that some of the Belgians who refused their consent to the plan were deported to Berlin.

Charity has a hard time beginning at home these days with nobody there.

Lem Pusey thought he'd get out of 'goin' t' war 'cause he's near-sighted, but th' officers told him he wuz jest th' feller fer face-fa-trench fightin'.

**High Patriotic Fervor in Birthday Celebration**

Frank H. Walker Entertains Association of Oldest Inhabitants at Clam Feast.

Yesterday was Frank H. Walker's birthday. This may not signify anything out of the ordinary to the average Washingtonian, but it is an event that members of the Association of Oldest Inhabitants look forward to every year, and, despite unfavorable weather, they turned out in numbers last night to be guests of Mr. Walker at his annual clam chowder feast.

The affair, as in past years, was held in the basement of the Union engine house, 14th and H streets northwest, following the association's regular monthly meeting. Mr. Walker, in the garb of a chef and pleading guilty to the charge of having reached his fifty-ninth year, did the honors in the kitchen and refused to come out and respond to scores of toasts and speeches in his honor.

George W. Evans presided as toastmaster, and he kept the proceedings moving at such a lively rate that the meeting soon developed into one of the most enthusiastic the association ever has held. Nothing was said or done that didn't sound a note of patriotism. Beginning with the business session when the members discussed buying liberty bonds, they kept the war spirit in evidence throughout the evening, frequently singing patriotic songs and cheering to the echo every patriotic utterance.

**Patriotic Talks and Songs.**  
Odell S. Smith, who was given an ovation at the business session when he delivered a stirring address predicting the triumph of American arms in the war for freedom, worked the members up to a high pitch of patriotic fervor while the chowder was being served by reciting "Your Flag and My Flag."

A colored string orchestra struck up "The Star Spangled Banner" and the assemblage rose and sang the national hymn so fervently that it doubtless would have been around the world if it were not for the fact that the old wartime favorite, "The Old Tattered Flag," composed by Mr. Stovess, Vice President of the association, was sung by the members. Morris Bird directed the musical program. Bird directed the musical program. Bird directed the musical program.

After the singing of the national hymn, Capt. D. M. Goodacre sang that old wartime favorite, "The Old Tattered Flag," composed by Mr. Stovess, Vice President of the association, was sung by the members. Morris Bird directed the musical program. Bird directed the musical program. Bird directed the musical program.

First photograph showing American soldiers, enlisted with the Canadian foreign legion, with Old Glory in northern France. These men enjoy the distinction of having been the first to raise the American flag on the battlefields of France.

## CHARITIES IN SCHOOLS DISCUSSED BY BOARD

Request by Alley Improvement Association Is Referred to Supt. Thurston for Report.

Policies regarding the public schools and charities were discussed at a meeting of the board of education at the Franklin School yesterday afternoon. The discussion was the result of a request received from the Alley Improvement Association that the schools co-operate in keeping open the nurseries at 135 New Jersey avenue, which was stated, is badly in need of support, its contributions having been less this year because of the war.

After considerable discussion, in which it was asserted by Ernest H. Daniel, vice president of the board of education, and Ernest L. Thurston, superintendent of schools, that to allow so many other charities to be closed would place the board in the position of "opening the doors" in the future to all charitable work, the matter was referred to Supt. Thurston for report.

A number of members of the board expressed themselves as being desirous of helping the association, but the question of policy was one which had to be guarded, it was explained.

Mrs. Margarita Spalding Gerry asserted that through the help of charities which have suffered because of the war many organizations which are now seeking ways in which to help in the war situation might assist by aiding the charities.

A communication from E. C. Totten was read complaining that through the roping off of streets and using them as playgrounds children were given the habit of playing in the streets at all times. Mrs. Susie Root Rhodes said that it had been found by experiment in other cities that this was true. The matter was referred to Supt. Thurston.

**Permitted to Equip Hospital.**  
Students of Western High School were granted permission to equip a hospital for sick orphans in France. Mrs. Blanche Bimont, teacher of French at Western, has gone to France to conduct this hospital.

Supt. Thurston reported that a large number of schools were being used for a wide variety of purposes.

Mrs. Ida E. Kebler, president of the

Parents' League of the Third Division, which had charge of the community center at the Wilson Normal building, and Mrs. George H. Markward, who was treasurer, appeared before the board, making formal reports as to the work and finances of the school. Detailed reports concerning the work done at the school are to be made later. The financial report presented by Mrs. Markward showed receipts of \$2,028.71 and expenditures of \$1,916.65.

Announcement was made that additional ground had been obtained for the Armstrong Manual Training School in the absence of Rev. Dr. John Van Schalk, Jr., who has gone to France to engage in Red Cross work.

The following changes were approved:

**Appointments.**  
L. M. Heron, teacher at the McKinley High School, to the Gage School.

C. E. Brooks, teacher of domestic art. Marie Cissel, teacher at the Twining School.

Miss Jessie Jennifer, teacher at the Bancker School.
